Suggested 8.3 mile Bike Ride

Up Cooke Street, right on South King Street, right onto Kapahulu Avenue, right onto Ala Wai Boulevard, left onto Lipeepe Street, right onto Hobron Street, left onto Ala Moana Boulevard with a left into Ala Moana Park bike path, right onto Kamakee Street, left onto Auahi Street, right onto Kamani Street and finish with a left onto Pohukaina Street to Mother Waldron Park.

This suggested bike ride includes different types of bike facilities. All of the areas are included within the Oahu Bike Plan. To get a better idea of what the different categories are, see the definitions below. What do you prefer to ride on?

Oahu Bike Plan Definitions

Bike Paths Bicycle paths, referred to as shared use paths or SUPs, are off-street facilities constructed of either concrete or asphalt and 12 feet in width plus 2-foot graded areas on each side (10-foot minimum). These grade-separated facilities are family- and beginner- rider friendly, often traveling through parks and in general providing a more leisurely, less direct route. SUPs are considered to supplement, rather than replace, on-road bicycling facilities.

Bike Lanes Bicycle lanes are on-street facilities delineated from vehicle traffic by a wide, white line. They are typically five to six feet in width (four-foot minimum) and contain pavement markings that indicate they are for bicycle use only.

Bike Routes Bicycle routes are also on-street facilities, posted with street signage and in some instances, pavement markings
